Hello, my name is Bouba Ahmed, a skilled full-stack web developer from Khemisset, Morocco. As a detail-oriented innovator, I develop dynamic, user-friendly, efficient, and scalable websites and desktop applications.

## Professional experience :

Abdelmalek Essaadi University of Tetouan.  
Desktop Applications Programmer [May 2024 - July 2024].

I recently completed a two-month internship at Abdelmalek Essaadi University, where I worked as an IT developer on an HR desktop application for the École Normale Supérieure.

Fronton Center  
web Programmer [Apr 2023 - May 2023].

During a one-month internship at the Fronton Center, I had the opportunity to work as a Full Stack Developer, gain valuable hands-on experience, and collaborate with a dynamic team.

## Educational background :

Master's Degree in Intelligent Systems.  
[Ecole Normale Superieure Meknes](#). [ 2024 - present ]

- I am currently pursuing a master's degree at the Meknes Higher Teacher Training College, part of Moulay Ismail University.

Bachelor's Degree in Software and Web Development  
[Ecole Normale Superieure Tetouan](#). [ 2023 - 2024 ]

- I obtained my professional bachelor's degree in software and web development in 2024.

Diploma in Full-Stack Web Development.  
[ISTA Khemisset](#). [ 2021 - 2023 ]

- I obtained a specialized technician diploma in full-stack web development with honors.

Bachelor's Degree in Life and Earth Sciences  
[ALfath High school](#) . [ 2018 - 2021 ]

- I obtained my bachelor's degree in Life and Earth Sciences in 2021.
